Prices are valid until April 31st 2018

## **Units of Work:**

### Unit 1. Understand the Context of Best Practice Provision for Learners with Dyslexia/Specific Learning Difficulties

Learners will:

- Understand the terminology used when learning about dyslexia/specific learning difficulties
- Understand the key issues regarding dyslexia/specific learning difficulties

### Unit 2. Planning, Teaching and Reviewing Interventions for Learners with Dyslexia/Specific Learning Difficulties

Learners will:

- Be able to plan the follow and adapt an intervention programme for learners with dyslexia/specific learning difficulties
- Be able to collaborate with others involved in working with individuals with dyslexia/specific learning difficulties
- Be able to deliver a planned intervention
- To know how to evaluate a planned intervention of learners with dyslexia/specific learning difficulties

This is a practical introduction to understanding and supporting learners with dyslexia and/or specific learning difficulties, taught through a range of videos, cartoons, activities and power points.

We anticipate the course will take approximately 60 hours to complete
